

DAILY BIBLE READING PLAN

12-10-2023 // WEEK 49 NOTES

Acts 11 - 28

Over the last week, you've covered **Acts 11-28**.

In case you've forgotten, **Acts 1:8** is the central verse to understanding this book of the Bible. The angel tells the disciples that they are to be **Jesus's witnesses first to Jerusalem and Judea, then to Samaria (the next area outward) and then finally to the ends of the earth.**

These chapters are the gospel message taken to the world. Paul takes center stage. In his three missionary journeys, the gospel is taken throughout the then known Roman empire.

By the way, **Acts 29** (which isn't an actual chapter), is you and me. It is our turn to take the gospel to others, locally and globally.

What are you doing to spread the gospel throughout the world? That's the major question we all should consider.

We are nearing the end of the year and the completion of our reading. Let's finish well!
